

4th Annual St. Nicholas Handicap Sunday 9th of December 2018

Royston Heath held our 4th Annual St. Nicholas Handicap shoot on the 9th of December 2018. On arrival at the Heath, it was clear conditions were going to be tricky for shooting. However, after a light flurry of rain while the range was set up, the rest of the shoot remained dry. The wind on the other hand, did not stop and the blustery conditions certainly added a considerable extra challenge. In the end, fourteen brave souls competed, shooting the St. Nicholas and Kris Kringle rounds. After being blown around for seven dozen arrows, the scores were totalled and the results were announced. Congratulations to Keith and Tammy for winning their respective rounds - as well as being the only archers to score higher than their handicap predicted. The best gold prize went to Peter, Tammy collected the worst arrow award and Andrew the most festively dressed. Well done also to Alice who scored her third 3rd Class qualifying score during the shoot.
