

## Royston Heath 2020 Burntwood Handicap

Royston Heath Archery Club held our 4th Annual Burntwood Handicap competition on the 8th of March 2020 during our regular Sunday session on the Heath. Due to the gusty weather conditions, the four dozen Burntwood Warwick was shot instead of the previously announced Burntwood National round. While it was dry and bright on the range, the wind certainly took it's toll on the archers shooting. However, we had a good turn out from the members and they met the challenging conditions provided by the wind admirably. Well done to all those who took part especially to those who shot better than their handicap predicted.
