

## 6th Annual St. Nicholas Handicap Sunday 12th of December 2021

After an unavoidable absence in 2020, Royston Heath held our 6th Annual St. Nicholas Handicap shoot on the 12th of December 2021. On arrival at the Heath, conditions were warmer than expected considering the near freezing temperatures of the previous few weeks. However, there was light drizzle in the air and the odd gust coming from over the hill. After seven dozen arrows, the scores were totalled and the results were announced. Congratulations to Mark for being the only archer on the day to surpass their predicted score and winning the Senior competition and to Olli for his second victory in a row in the Junior category.
